

## **ELKS PEARL HARBOR CAMPAIGN**

National Pearl Harbor Remembrance Day was this past Saturday, December 7th, and this is the perfect time to promote the Pearl Harbor Campaign. Ask Members, Officers, Veterans Committee Members to donate a few dollars to help **PRESERVE, RESTORE and MODERNIZE the Pearl Harbor Memorial.**

Please spread the word to your members about this worthwhile Nationwide Elks Project. One dollar or more per member is not asking too much to show the impact our State can make to this cause.

Already Tri-City has started promoting this campaign. Bristol Lodge and East Providence Lodge have included it in their bulletins to inform their Members, and collection jars have been set up for donations.

Exalted Rulers, Veterans Committees, Officers and Members—promote this project in each of your Lodges, and don't expect the other Lodges to carry your Lodge in the State total. Rhode Island has a great track record of the impact we have in ENF totals, Membership, Fundraising for our Grand Exalted Rulers and more.

Spread the word to your Lodge Members about this unique project. Show the impact you can make for your Lodge and for our State. Please contact me for any help or questions.

**David P. Cioe, PSP, GLC**
